# REFRIGERATED STORAGE CONTAINERS FOR SALE AND RENT

Short term, long term or as an emergency contingency, SPACEWISE provides the ultimate temperature controlled one stop solution. We offer free advice and surveys and planning, through to the supply and delivery of our equipment. Thereafter you will have total peace of mind knowing that you have our experience of over 50 years at your fingertips. All our equipment is covered by our 24/7 emergency breakdown service, available 365 days a year.

We supply major supermarkets through to small family owned butchers. All SPACEWISE customers receive the highest standard of service and commitment regardless of their size. Most importantly our customers can rest assured that their product and business is being supported by the UK leader in temperature controlled storage.

## Standard Features

# AMBIENT STORAGE CONTAINERS FOR SALE AND RENT

From the supply of a single unit through to the entire build of a self storage yard, SPACEWISE can fulfill your requirement. Our equipment is built to the specification demanded by the international shipping industry so that the strength and finish of each unit reaches the highest standard. SPACEWISE is owned by TAL International Container Corporation – one of the largest container organisations in the world. With their support the availability, location, service and price of our equipment is hard to equal.

## Standard Features

- ✓ Built to international shipping standards so very robust, strong and secure
- ✓ Vandal resistant
- ✓ Flat plywood flooring
- ✓ 5 x vents each side (total 10!) to ensure good adequate ventilation
- ✓ Double locking bars and padlock lockbox for additional security
- ✓ Nationwide delivery

**Free no obligation site survey. Delivered anywhere within the UK**  
**Flexible hire terms from 1 day hire through to permanent**

# SPACEWISE CATERING AND EVENTS

From the supply of a single unit to a beer festival through to total project management at major global events.

“ We are proud to have received the following accolade from Coca Cola Enterprises  
**“Coca-Cola Enterprises has developed a strong relationship with Spacewise during the London 2012 Olympic & Paralympics Games. The Spacewise team has worked effectively with CCE providing support to deliver on time solutions for this high profile logistical operation, contributing to a successful Games time operation for our business.”**

“ SPACEWISE is the proud holder of the below license issued by British Olympic Authority  
**“Supplier of refrigerated and ambient containers to the London 2012 Games Olympic venues”**

# OUR CONTAINERS

## **10ft Refrigerated Containers**

Capable of precisely controlling temperatures between -35°C and +35°C.

## **20ft Refrigerated Containers**

Widely used by most supermarkets throughout the UK. This unit has a decent floor space of up to 8 pallets per layer.

## **40ft Refrigerated Containers**

The largest capacity shipping/storage container available.

## **10ft Shipping/Storage Containers**

Ideal for smaller storage requirements when you need to keep things stored securely outside and protected from the elements. Constructed using marine grade steel with double door locking bars and a padlock cowl these containers really are secure.

## **20ft Shipping/Storage Containers**

Typically a 20ft shipping/storage container has a capacity similar to a single garage and is capable of storing the contents of an average 3 bed roomed house.

## **40ft Shipping/Storage Containers**

This is largest capacity shipping/storage container available. The internal capacity is similar to that of an extra double length garage. Our 40ft shipping/storage containers are ideal for large projects and office or house relocations.
